More Great Themes

If you want to check out more great themes, here's the site I found that really outdoes all the others:

<http://www.wpexplorer.com>

He designs most of the themes but also features some themes designed by others that are really cool. Most are free with premium features though there are some that are premium themes.

However, you should be able to find what you need with no problem in the free area. These are really great themes.

Also, don't forget to check out the images included with this ebook so you can see what these themes look like.
